Nestled in the Raa Atoll on Huruvalhi island, a short sea plane ride away from Male, our oasis offers a unique blend of relaxation and social life, perfect for a romantic escape or a getaway with everyone you know. Whether an overwater villa floating in our lagoon or settled on a pristine sandy beach front, each of the 115 villas feature their own private lounge deck and plunge pool. You'll never go hungry with six unique dining options ranging from a beach front BBQ Shak and the Maldivian restaurant, serving-up freshly caught seafood and sourcing ingredient directly from our personal island farm with real "Aunties" cooking you their traditional recipes. Your daytimes are filled with snorkeling our naturally protected house reef, or dive deeper on a boat excursion through the local waters. Physical activity not your thing? Relax in our indoor hydrotherapy oasis, The Standard Spa, complete with a communal hammam, aroma steam room, daily yoga and nine private treatment rooms to leave your body refreshed. No Standard stay is complete without a night to remember; whether dancing to tribal beats at a beach bonfire or at our nightclub with glass bottom dance floor, the only thing that could end the fun is the sunrise. # RESTAURANTS

The Standard, Maldives Food & Beverage program is driven by authenticity, simplicity and quality. We celebrate regional food bounty by weaving special ingredients throughout all our menus, offering both local and global cuisines that respond to our stunning island. We invite our guests to discover new flavors with us, while also indulging in many of our “Global Standards” - dishes that are familiar and comforting to our diverse, sophisticated and well-traveled clientele.

## GUDUGUDA

Our authentic Maldivian Restaurant, **GUDUGUDA** is the first of its kind in the Maldives. Featuring a traditional celebratory Maldivian cuisine cooked by Maldivian “aunties” – the women who carry on the tradition of this remarkable cuisine, GUDUGUDA is the Dhivehi (the local Maldivian language) verb for relaxing and conversing while smoking a special shisha water pipe. This is an activity traditionally enjoyed by women in the Maldives, but we invite all our guests to relax and socialize in our adjoining lounge before or after their meal. Our menus are driven by locally caught, seafood-driven dishes, flavorful coconut milk curries with carefully selected complimentary fresh spices and herbs, fresh regional fruits and vegetables, delicate and aromatic rice dishes and perfectly cooked breads.

## KULA

Breakfast, lunch and dinner at **KULA**, our all-day dining restaurant, is a bountiful and casual affair in our breezy and shaded dining room. Kula means “colors” in Dhivehi (the local Maldivian language) and a colorful menu is exactly what we feature – you can enjoy authentic Western, Mediterranean, and Asian cuisine, cooked by our diverse culinary team that hales from around the globe. They cook what they love – and we know you will too.

# RESTAURANTS

For a casual late afternoon picnic or dinner, you can swing by our **BBQ SHAK**, where fresh seafood and meats are grilled to perfection over coconut shell charcoal, and offered with a variety of house-made sauces, specially paired with each dish. This is a feet-in-the-sand spot – no pretense, great vibe, reggae music, and lots of great flavors. Our friendly servers take your order tableside, and from where you sit you can see our chefs grilling your selections made to order!

Head to **JOOS CAFÉ** for your daily smoothie, coffee or pastry ritual. Flanking our gorgeous pool, this is the perfect shady, breezy place to hang your hat. Grab a book from our library, or tune out the world to crank out a few last-minute emails before your go truly offline to relax. We offer savory and sweet breakfasts, and perfectly light but satisfying lunches with fresh salads, wraps and sandwiches. Served tableside, around our plush lounge chairs and tables, or even by the pool.

# RESCUE A REEF

Water is everything. We are committed to the conservation of marine life and protection of the oceans that surround us. Preserving coral life, reducing plastic waste, and using products made from repurposed and recyclable materials all form a groundwork of our conservation approach to saving our ocean and marine life. Some of our signature menu items also include \$1 donation towards our foundation for coral conservation. We regularly have our friends from the SCRIPPS Institute of Oceanography and their group of marine scientists visit our lagoon coral nursery which houses over 3,000 juvenile corals, creating our very own personal underwater garden.
